Description

The CANA012040 is a fully renovated and modern one bedroom apartment located on a contemporary style residence on the ground floor. It features a large living room with sofa bed (120cm), an open-plan kitchen with a bar / dining area, a spacious bedroom which opens onto a small balcony, with two single beds (that can be made as a double) and an en-suite shower room and independent toilets. No elevator but air conditioning and Internet available. We have 7 more one bedroom apartments and a two bedroom apartment in the building so if you are looking to accommodate a group of delegates, this is a fantastic option at an 8 minutes walking distance from the Convention Center.
